HARMONY

About Tradition Apple

Cavalor Tradition Apple is a muesli for healthy horses full of vitality, with apple slices. With flaked cereals, much easier to digest than unprocessed cereals. Tradition Apple is even more delicious thanks to the added apple slices. Oat-free formula.

Cavalor Tradition Apple is a level 1 feed for horses receiving recreational to light training or sensitive horses.

What makes Tradition Apple unique?

No oats

Oats are a cereal that can be used as an energy source in a muesli for competition horses. It quickly releases lots of energy. This is not needed for recreational horses, or for horses who do not need high energy levels.

With flaked cereals

With flaked cereals for easy digestion. Flaked cereals are much easier to digest than unprocessed cereals.

Advice

Feed as you need

The foundation of good nutrition for your horse is adequate roughage and access to fresh drinking water. Supplement this base with concentrates or a balancer depending on the individual nutritional needs of the horse. Use supplements to fine tune.

Feeding recommendations for Cavalor Tradition Apple

We recommend a minimum of 400 g to maximum 600 g per 100 kg body weight per day. For a 600 kg horse this means a minimum of 2,4 kg and a maximum of 3,6 kg per day.

Divide the concentrate feed over several portions per day, preferably after feeding roughage.

TIP

Not all feed scoops are the same size. Weigh the contents of your feed scoop so that you know exactly how much your horse is getting.
