About Action Mix

Cavalor Action Mix is a sports muesli for active horses. With flaked cereals, much easier to digest than unprocessed cereals.

Cavalor Action Mix is a level 2 feed for horses receiving regular and active training.

What makes Action Mix unique?

For active horses

Feed for horses that are trained regularly and actively.

With flaked cereals

With flaked cereals for easy digestion. Flaked cereals are much easier to digest than unprocessed cereals.

Advice

Feed as you need

The foundation of good nutrition for your horse is adequate roughage and access to fresh drinking water. Supplement this base with concentrates or a balancer depending on the individual nutritional needs of the horse. Use supplements to fine tune.

Feeding recommendations for Cavalor Action Mix

We recommend a minimum of 400 g to maximum 650 g per 100 kg body weight per day. For a 600 kg horse this means a minimum of 2,4 kg and a maximum of 3,9 kg per day. Divide the concentrate feed over several portions per day, preferably after feeding roughage.

TIP

Not all feed scoops are the same size. Weigh the contents of your feed scoop so that you know exactly how much your horse is getting.
